4 Bedroom, 4.00 Bathroom, 3,018 sqft

Residential on 1.38 Acres

Spring Cove, Townsend, GA

This unique custom built home is in a gated community and is entirely made of stone with huge high windows to let in lots of light and give a dramatic effect. The elegant front door is a massive double door that was special ordered. The large kitchen is a cook's delight with newer stainless steel appliances, a double oven and a built-in stove top that has a grill and a pot faucet. Master suite is on the first floor with an elegant bath to die for. Jetted tub, tile shower, even a water closet with built in cabinets. Large walk in closet that includes an entrance to lots of under house storage. Between the two floors is an open office but would also make a wonderful library. Other bedrooms are upstairs. Laundry room is bigger than some kitchens and has a half bath. NO carpet in home! There is a two car garage, but in addition, there is a separate 4 car garage with an office and bath at the end. For energy, there are solar panels on the house and on the separate garage and there is a full home Generac. Concrete patio goes the width of the home and overlooks the pond in the back. There is even a 40'-60'- dog run hidden from sight that has two concrete dog houses. This home is a must see to preview all of the special features it contains. River with boat ramp shown in pictures is less than 2 miles away, and the lot and separate garage is large enough to hold any size boat.
